

ROAD DRIVETRAIN

11-SPEED 11-28T CASSETTE

Close-ratio performance. Crisp, controlled shifts.

PRODUCT HIGHLIGHTS

- 1

Close-ratio 11-speed progression for road cadence control
- 2

Precision-machined steel sprockets with shift ramps
- 3

Lightweight ink alloy carrier with a copper lockring
- 4

Nickel-tone finish for durable corrosion resistance

KOHPER PERFORMANCE

TECHNICAL SPECIFICATIONS

GEARING	11-12-13-14-15-17-19-21-23-25-28T
SPEEDS	11-speed
FREEHUB	HG-compatible road freehub
MATERIAL	Steel cogs / alloy carrier
LOCKRING	Included; 40 Nm installation target
CONCEPT WEIGHT	Approx. 265 g

COMPATIBILITY / FITMENT

For compatible 11-speed road drivetrains and HG-style cassette bodies. Confirm chain, derailleur capacity, and hub compatibility before installation.

MOCKUP SPECIFICATION — values are preliminary concept targets. Final dimensions, weights, materials, compliance, and compatibility require engineering validation.
